

Did you know that one in three kids in America will reach adulthood without ever having a mentor?

Research shows that kids in The First Tee refer to their coaches as mentors and believe The First Tee coaches care about them, help them set goals, and inspire them to use the skills they learn far beyond golf.

Diversity, Equity, and Inclusion are at the core of First Tee identity and essential to our continued success as an organization. Our Chapter has strived to provide the greatest impact and truly make a difference in the lives of children, especially our minority young people in Central New York.
